Save as otherwise expressly authorized in writing by SIFA, the Licensee shall not use the Trademarks other than in accordance with the provisions of this Agreement (including its Schedules).

### **3. Duration**

#### **3.1**

- a. In the case of each license granted hereunder in respect of each of the Trademarks, for so long as SIFA, its licensees, successors or its assigns continue to use the Trademark in connection with goods and/or services relating to software development, testing or certification; and
- b. In the case of this Agreement, until the cessation of SIFA's or its licensees', successors' or assigns' continued use of the last of the Trademarks in connection with goods and/or services relating to software development, testing or certification.

### **4. Standards of Quality**

#### **4.1 General Obligation**

All Certified Products supplied by, directly or indirectly, or manufactured for or by the Licensee under or by reference to the Trademarks shall comply with the Standards of Quality, and the Licensee is obliged to adhere to the Certification Policy. The Licensee hereby warrants and represents that each Certified Product meets the applicable conformance requirements identified in the Certification Policy.

#### **4.3 Continued Compliance with the Standards of Quality**

The Licensee shall be obliged to check all changes to a Certified Product whether product defect corrections or otherwise to ensure that all Certified Products continue to meet the Standards of Quality. In the event that a Certified Product ceases to qualify as a Certified Product, the Licensee shall at its expense immediately cease to make any use of the Trademarks whatsoever on or in relation to that product. In addition, Licensee shall also immediately cause the Trademarks to be removed from all units of that product and from all sales literature and other materials and, where necessary to achieve this, shall use its best efforts to recall such products, sales literature, and materials from retailers and other Persons (other than the ultimate customer) or, at a minimum, ensure that any use of the Trademarks on such products or materials is not visible on such products, product packaging, sales literature and other materials.

#### **4.4 Application of Trademarks**

Pursuant to the license granted under Clause 2 above, and notwithstanding the general obligation under Clause 4.1 above, the Trademarks may only be applied to Certified Products that meet the following conditions:

- a) A configuration of the product that meets the Standards of Quality is available for delivery, and

- b) The same Certified Product has been certified within the SIF Certification Program by the Licensee.

#### **4.5 Certification Details to be Made Available Whenever the Trademarks are Used**

Whenever the Trademarks are displayed on or in relation to Certified Products in accordance with this Agreement, the Licensee must use the relevant attribution statement in connection with such use as prescribed in the Trademark Usage Guide.

### **5. Use of the Trademarks**

#### **5.1 Trademark Use Guidelines**

The Licensee may only use the Trademarks in accordance with the Trademark Usage Guide amended from time to time in accordance with Clause 18.

#### **5.2 Trademark Reputation**

The use of the Trademarks by the Licensee shall at all times be in keeping with their distinctiveness and reputation as determined by SIFA as set forth in this Agreement, and the Licensee shall forthwith cease any use not consistent therewith as set forth in this Agreement.

#### **5.3 Licensee Registration of Trademarks Prohibited**

The Licensee shall not use, register, or apply to register any mark or name identical to, confusingly similar to, or in competition with the Trademarks in respect of any goods or services.

#### **5.4 Trademark License Limited**

Nothing contained in this Agreement shall entitle the Licensee to use or register the Trademarks as part of any corporate, business, or trading name of the Licensee, or to use the Trademarks outside the Territory.

#### **5.5 Licensee Statements**

The Licensee shall not intentionally, in any written material or otherwise, make any reference to or use of the Trademarks in such a manner as may lead the reader thereof to believe that the Licensee is licensed to apply the Trademarks to any product which is not a Certified Product at the time such reference is made.

### **6. Ownership of the Trademarks**

#### **6.1 Trademark Owner**

SIFA is the proprietor or exclusive licensor of the Trademarks and of applications for registration of the Trademarks in various countries, particulars of which are available from SIFA on request, and warrants that it has the right to grant the licenses granted hereunder. It is not aware at the date hereof that the Trademarks or the use of them on or in relation to the Certified Products in the Territory infringes the rights of any third party but gives no warranty in relation thereto nor as to the validity of any of the applications or registrations.

## **6.2 No Contest to Trademarks**

During the term of this Agreement and thereafter, the Licensee undertakes not to do or permit to be done any act which would or might jeopardize or invalidate the Trademarks, their applications, and/or their registrations nor to do any act which might assist or give rise to an application to remove the Trademarks from any national register or which might prejudice the right of SIFA to the Trademarks. Furthermore, the Licensee will not object to or otherwise contest SIFA's exclusive right, title and interest in and to, or the validity of, the Trademarks.

## **6.3 Licensee Assistance in Maintaining Trademarks**

The Licensee shall on request give to SIFA or its authorized representative any information as to its use of the Trademarks which SIFA may reasonably require and will (subject to the provisions of Clause 7 below) render any (non-monetary) assistance reasonably required by SIFA in maintaining the applications, registrations, and/or common law rights of the Trademarks. Such information shall be subject to the provisions of Clause 12 below where applicable.

## **6.4 Goodwill of Trademarks**

The Licensee shall not make any representation or do any act which may be taken to indicate that it has any right, title, or interest in or to the ownership or use of the Trademarks except under the terms of this Agreement and acknowledges that nothing contained in this Agreement or done pursuant to this Agreement shall give the Licensee any right, title, or interest in or to the Trademarks. To the extent that any use of the Trademarks by the Licensee in any part of the Territory may result in a development of goodwill in the Trademarks in that part of the Territory, such goodwill shall inure to the sole benefit of and be on behalf of SIFA. Upon termination of this Agreement for any reason, all rights in the Trademarks will automatically revert to SIFA. The Licensee will at any time execute any documents reasonably required by SIFA to confirm SIFA's ownership of all such rights.

## **6.5 Licensee Cooperation in Recording Licenses**

Subject to the Licensee complying with its obligations under this sub-clause and Schedule 2, Paragraph 2, SIFA may wherever required to do so by local laws in any part of the Territory record the Licensee as a Licensee or registered user of the Trademarks. The Licensee shall at SIFA's request assist SIFA as may be necessary (including by executing necessary documents including registered user agreements) for recording the Licensee as a registered user of the Trademarks in any part of the Territory, and the Licensee hereby agrees that each such recordation may be cancelled by SIFA upon any termination of this Agreement in accordance with its terms, and that it shall assist SIFA so far as may be necessary to achieve such cancellation including by executing necessary documents.

At the Licensee's request SIFA shall take all necessary steps to record such licenses with the regulatory authorities in countries where such registration is required or desirable and the Licensee is responsible for reimbursing SIFA all fees and expenses in connection therewith.

## **6.6 On-Going Trademark Registrations**

SIFA shall, subject to the Licensee's cooperation, use its reasonable efforts to renew any registrations for the Trademarks already registered, and to procure registrations for applications of the Trademarks. SIFA will add to the Territory any registrations of the Trademarks that are completed in additional countries. However, subject to Sub-clause 18.1 below, SIFA may at any time remove a country from the Territory for legal or justifiable commercial reasons.

## **7. Infringements**

### **7.1 Infringements of the Trademarks**

The Licensee shall immediately notify SIFA in writing if the Licensee becomes aware of any unauthorized use, or proposed unauthorized use, by any Person of a trade name, trademark, or trade dress of goods or mode of promotion or advertising, which is identical or confusingly similar to Trademarks, and SIFA may elect, in its discretion, to

a) take action against such Person, at its sole expense, in its own name or in the name of Licensee or join the Licensee as a party, as it in its sole discretion deems required, and to retain all amounts awarded as damages, profits or otherwise in connection with such action, or

b) grant the Licensee the right to take such action, at the Licensee's own expense, and by attorneys of the Licensee's choice, as the Licensee in its sole discretion may deem advisable, including the right to sue for infringement. Any such action taken by the Licensee may be taken in the name of SIFA or the Licensee, as the Licensee deems appropriate. The monetary proceeds from any such action, claim or settlement arising from any such action, will belong exclusively to the Licensee after the deduction of all of SIFA's own costs or damages incurred as a result of the infringer's activities, if any.

Subject to the terms of this Section 7, the Licensee shall not be entitled to bring any action for infringement under any provisions of the laws of any jurisdiction enabling licensees to bring proceedings for infringement of Trademarks PROVIDED ALWAYS that nothing herein shall be deemed to remove from the Licensee any right to bring such proceedings which may not under any relevant country's laws be excluded by agreement between a licensor and licensee.

### **7.2 Infringement of Third Party Marks**

If the Licensee becomes aware that any Person alleges that the Trademarks are invalid or if either party hereto becomes aware that any Person alleges that use of the Trademarks infringes any rights of another party, the Licensee or SIFA, as appropriate, shall immediately notify the other party. The Licensee shall make no comment or admission to any third party in respect thereof except pursuant to any judicial order binding upon it.

### **7.3 Cooperation**

The Licensee shall at the request of SIFA cooperate with SIFA in any action, claim, or proceedings brought or threatened in respect of the Trademarks and SIFA shall meet any reasonable expenses incurred by the Licensee to third parties in giving such assistance. Where the Licensee requests SIFA to bring proceedings which SIFA would not otherwise bring in any part of the Territory, the Licensee shall be consulted at all significant stages of such proceedings and shall meet SIFA's costs associated with the bringing of such proceedings. In the event of the successful prosecution of such proceedings SIFA shall remit to the licensee any resulting damages recovered by it after the deduction of all of SIFA's own costs incurred as a result of such proceedings. Notwithstanding the above, it shall be at SIFA's sole discretion whether or not any proceedings are brought or continued.

### **7.4 Products Altered by Purchasers and Licensees**

Purchasers and licensees of the Licensee's Certified Products and of related materials bearing the Trademarks who may for the purposes of resale or re-licensing be altering the content or specification of all or part of such Certified Products in such a way as to affect the conformance of such Certified Products with the Standards of Quality, are not permitted to use the Trademarks on or in relation to such altered products, including in any marketing materials

relating thereto, whether supplied by the Licensee or by any other Person, unless such altered products have been specifically certified as Certified Products for this purpose. The Licensee shall use reasonable efforts to inform purchasers and licensees who may be misusing the Trademarks that they may be infringing the rights of SIFA.

## **8. Fees**

The Licensee shall pay SIFA the payments described in the attached Schedule 2 in accordance with the terms of that Schedule.

## **9. Termination**

### **9.1 Termination By Either Party for Uncured Material Breach**

Either party may terminate this Agreement without prejudice to its other remedies forthwith by notice, as required in this Agreement, in writing to the other if the other party commits any material breach of this Agreement; provided that, if the breach is capable of remedy within ninety (90) days, the termination notice shall only be given if the party in breach shall not have remedied the same within ninety (90) days of having been given notice in writing specifying the breach and requiring it to be remedied.

For the avoidance of doubt, persistent breach by Licensee of the Trademark Usage Guide shall constitute a material breach of this Agreement. Other examples of material breaches shall include, but are not limited to: (i) Licensee's use of the Trademarks inconsistent with the license granted under this Agreement, or otherwise contrary to the provisions of this license; (ii) Licensee's challenge to SIFA's ownership of the Trademarks or the validity of the Trademarks; or (iii) failure of any of Licensee's products bearing the Trademarks, or marketed using the Trademarks, to meet SIFA's Standards of Quality of trademark policy.

### **9.2 Termination by SIFA**

SIFA may immediately terminate this Agreement forthwith by notice in writing if at any time:

#### **9.2.1 Failure to Pay Fees**

Except in the case of *bona fide* dispute the Licensee fails to pay any license fees, royalties, or other payments or provide any statement required in relation to the same within 60 days of their being due; and/or

#### **9.2.2 No Certified Products**

The Licensee does not for a period of more than one year develop, market, produce, or provide support services in connection any Certified Product under this Agreement; and/or

#### **9.2.3 Duration Expires**

An event defined in Section 3 of this Agreement (*Duration*) as ending the duration of this Agreement occurs; and/or

#### **9.2.4 Prohibited Assignment**

Licensee makes an assignment for the benefit of its creditors, admits in writing its inability to pay its debts as they become due, commences or is the subject of any proceeding under law relating

to any bankruptcy, arrangement, insolvency, or readjustments of its debt, which proceeding is not dismissed within sixty (60) days after commencement; and/or

#### **9.2.5 Legal Liability**

SIFA determines in its sole discretion that the Licensee's use of the Licensed Trademarks may reasonably lead to legal liability on the part of SIFA, and SIFA provides the Licensee with notice of Termination.

#### **9.3 Termination by Licensee**

The Licensee may terminate this Agreement at any time upon three months' written notice to SIFA.

#### **9.4 Rights Upon Termination**

Upon termination of this Agreement, the license and rights granted hereunder shall terminate completely and all rights shall revert to SIFA.

#### **9.5 Use of Trademarks Upon Termination**

Upon the expiration or termination of this Agreement for whatever reason the Licensee at its expense shall immediately cease to make any use of the Trademarks whatsoever, and shall forthwith cause the Trademarks to be removed from all Certified Products and from all sales literature and other materials and, where necessary to achieve this, shall use its reasonable efforts to recall Certified Products, sales literature, and materials from retailers and other Persons (other than the ultimate customer). SIFA may inspect any such Certified Products, sales literature, and materials to ensure adequate removal of the Trademarks before the Certified Products are released again. However, stocks of the Certified Products or related sales literature and other materials bearing the Trademarks existing at the date of expiration or termination of this Agreement, and which were produced in the ordinary course of the Licensee's business, may be disposed of by the Licensee subject to the provisions of this Agreement (including its Schedules) within 90 days thereafter if, at the time of disposal, such Certified Products comply with the Standards of Quality and can be disposed of in compliance with the terms of this Agreement, but not otherwise.

#### **9.6 Survival of Rights and Obligations Upon Termination**

All provisions of this Agreement which in order to give effect to their meaning need to survive its termination shall remain in full force and effect thereafter. Without limiting the generality of the foregoing, the obligations of the parties under Clauses 4, 10, 12 and 13 shall survive any termination of this Agreement.

### **10. Indemnity**

#### **10.1 Licensee Obligations**

The Licensee hereby agrees, at its expense, to defend, indemnify and hold SIFA and its respective officers, agents and employees harmless from any and all third party claims, demands, causes of action, judgments and liability (whether criminal or civil, in contract, tort, or otherwise) for losses, damages (including without limitation direct, indirect, and consequential damages and loss of profits, production, use, and contracts), settlements and costs (including attorney's fees, court costs and expert's fees) arising out of:

- a. Licensee's or Licensee's Distributors production, design, manufacture, distribution, shipment, advertising, promotion, offering for sale and/or sale of the Certified Products or other products or services provided by Licensee or Licensee's Distributors and bearing the Trademarks; and/or
- b. The use or misuse of the Trademarks by the Licensee or Licensee's Distributors; and/or
- c. Any decision taken by SIFA or its officers, agents or employees in accordance with this Agreement refusing or withdrawing permission to the Licensee to use the Trademarks on or in relation to any Certified Product, and the disclosure of any such decision to any Person.

PROVIDED that:

- a. This Indemnity shall not apply in respect of any act done by the Licensee on the express instructions of SIFA, and
- b. The Licensee (together with any other Licensees under the Trademarks affected by such claims) shall have the conduct of such claims but shall consult fully with SIFA before taking any action or making any admission or settlement, which may adversely affect SIFA's position or interests.

## **10.2 Interpretation**

Any provision of Sub-clause 10.1 above shall not apply in any circumstances or in respect of any liability or class of liability to the extent that it may not apply in accordance with applicable law. In the event of such a provision being held to be inapplicable or invalid, the parties will make such amendments to this Agreement by the addition or deletion of wording, or otherwise, as to remove the inapplicable or invalid part of the provision but otherwise retain the provision to the benefit of SIFA to the maximum extent permissible under applicable law.

## **10.3 Damages**

In no event shall SIFA be liable for any damages, including without limitation, loss of profits, arising from or related to Licensee's use of the Trademarks or the Termination of this Agreement, even if SIFA has notice of the possibility of such damages.

## **11. Assignment**

Neither party shall assign, transfer, subcontract, sub-license, or in any other manner make over to any third party the benefit and/or burden of the whole or any part of this Agreement or purport to do any of the same without the prior written consent of the other not to be unreasonably refused where assignment is part of a merger, reconstruction, or transfer of business and the assignee accepts all the obligations of the Licensee or SIFA, as appropriate, under this Agreement.

## **12. Confidentiality**

### **12.1 Confidential Information**

SIFA shall, except where a provision of the Agreement provides otherwise, maintain in confidence all information disclosed to it under or in relation to this Agreement by the Licensee, which is in writing marked "confidential" or, if oral or visual, is identified as confidential at the time of disclosure and reduced to writing marked "confidential" and sent to SIFA within 30 days thereafter, and shall not use any such information except for the purposes of this Agreement.

SIFA's obligations under this sub-clause shall be limited to taking such steps as it ordinarily takes to preserve the most important of its own confidential information.

## **12.2 Non-Confidential Information**

The obligations of non-disclosure and non-use set out in Sub-clause 12.1 above shall not apply to any item of information which:

- a. Is in the public domain at any time (but without prejudice to any Person's rights of action against another Person who wrongfully causes or permits such information to be in the public domain),
- b. Was rightfully in a Person's possession without obligation of confidence prior to its disclosure pursuant to this Agreement, or is subsequently independently developed by that Person by employees having no access to the information disclosed hereunder,
- c. Is subsequently rightfully obtained without obligation of confidence by a Person from a source other than the Licensee as evidenced by written records or testimony,
- d. Is required to be disclosed by order of any court of competent jurisdiction or to enable the Trademarks or any license thereunder to be validly registered or notified in any part of the Territory or otherwise to protect the validity of the Trademarks,

PROVIDED that no right or interest under any license, patent, or otherwise shall be acquired by the recipient of any information by virtue of the application of this sub-clause.

## **12.3 Survival of Confidentiality Obligations**

The obligations of non-disclosure, and the limitations on use, set out in Sub-clause 12.1 above, shall survive termination of this Agreement but subject to Sub-clause 12.2 above.

## **12.4 Limited Disclosure**

SIFA may disclose the Licensee's confidential information to those of its employees who reasonably require to have access to such information. However, SIFA may not disclose the Licensee's confidential information to any employee of a member company in SIFA, unless another exception to the obligations under this sub-clause applies. For the avoidance of doubt, SIFA may disclose the Licensee's confidential information to employees of the Licensee.

## **13. Export Restrictions**

The Licensee agrees with respect to its usage of the Trademarks and the Certified Products to comply with all applicable treaties, laws, and/or regulations, including but not limited to any applicable import or export laws. The Licensee will be responsible for conducting its activities under this Agreement in compliance with such laws.

## **14. Entire Agreement**

This Agreement including its Schedules and documents referred to therein, including, but not by way of limitation, the Certification Policy, constitute the entire agreement and understanding of the parties relating to the subject matter of this Agreement and supersede all prior oral or written agreements, understandings, or arrangements between them relating to such subject matter. For the avoidance of doubt, this Agreement supersedes any agreement between SIFA and the Licensee in respect of the SIF Certification Program, but does not supersede any agreement in respect of other certification or compliance programs.

Neither party shall be entitled to rely on any agreement, understanding, arrangement, or representation relating to the subject matter of this Agreement which is not expressly contained in this Agreement and, subject to Clause 18, no change may be made to this Agreement except in writing signed by duly authorized representatives of both parties.

Nothing in this Agreement affects the application of any other Agreement between SIFA and the Licensee (including, without limitation, any membership agreement).

## **15. Waiver of Rights under this Agreement**

No failure or delay on the part of either of the parties to exercise any right or remedy under this Agreement shall be construed or operate as a waiver thereof nor shall any single or partial exercise of any right or remedy preclude the further exercise of such right or remedy as the case may be.

## **16. Notices**

Any notice or other document to be given under this Agreement shall be in writing in the English language and, except in circumstances where this Agreement specifically provides for notices by electronic mail, shall be deemed to have been duly given if sent by hand or by recorded delivery or registered post, or by facsimile (subsequently confirmed by post) to a party at the address for that party set out above unless a different address has been notified to the other in writing for this purpose.

Notices shall be deemed to have been received by the addressee within 72 hours of posting as above or within 24 hours if sent by hand or facsimile to the addressee's correct address.

## **17. Interpretation**

### **17.1 Headings**

The headings in this Agreement are inserted only for convenience and shall not affect its construction.

### **17.2 Singular and Plural Words**

Where appropriate words denoting the singular only shall include the plural and *vice versa*.

## **18. Schedules**

### **18.1 Amendment of Schedules**

Subject to any express limitations set out therein, the Schedules to this Agreement may be amended by SIFA from time to time, consistent with the processes established by SIFA, as follows:

- Schedule 1 (Trademarks) will be amended from time to time to reflect the addition and/or removal of a trademark.
- Schedule 2 (Fees) will be amended no more frequently than once per annum.
- Schedule 3 (Territory). Countries will be added on application for and completion of the registration of the Trademarks in such additional countries. Deletions of countries may be

made for legal or reasonable commercial reasons and the Licensee will be notified of each such deletion accordingly.

- Schedule 4 (Trademark Usage Guide) will be held as stable as possible in order to protect the Licensees' investment.

Unless otherwise agreed, amendments shall take effect three months after they are communicated in writing to the Licensee.

## **18.2 Consequences of Amendment of the Trademark Usage Guide**

If SIFA amends the Trademark Usage Guide the Licensee is not required to alter and may continue to use any Certified Product, container, label, written material, advertising material, promotional material, or other item already produced in the normal course of business for sale or distribution prior to the effective date of Licensee's notice of such amendment.

## **19. Governing Law and Jurisdiction**

The validity, construction, and performance of this Agreement shall be governed by the law of the District of Columbia, and shall be subject to the non-exclusive jurisdiction of the District of Columbia, except that proceedings to the extent only that they relate to the validity or enforcement of any of the Trademarks in any part of the Territory shall be governed by the law and procedures of that part of the Territory.

## **20. Compliance with Local Requirements**

If in any jurisdiction the effect of any provision of this Agreement or the absence from this Agreement of any provision would be to prejudice the Trademarks or any remedy under the Trademarks, the parties will make such amendments to this Agreement and execute such further agreements and documents limited to that part of the Territory which falls under such jurisdiction as may be necessary to remove such prejudicial effects.

## **21. No Joint Venture**

Nothing contained in this Agreement shall be construed as creating any agency, partnership, or other form of joint enterprise between the parties. The relationship between the parties shall at all times be that of independent contractors. Neither party shall have authority to contract for or bind the other in any manner whatsoever.

## **22. Severability**

If any provision of this Agreement shall be held by a court of competent jurisdiction to be contrary to law, all remaining provisions of this Agreement shall remain in full force and effect.

In the event that such permission is not received within 30 days of the Licensee making such a request for permission then, at the option of SIFA the Licensee shall deposit the payments due in the currency of the relevant country either in a bank account designated by SIFA within such country, or such payment shall be made to an associated company of SIFA designated by SIFA and having offices in the relevant country.

## **SCHEDULE 4: TRADEMARK USAGE GUIDE**

### **1. Using Trademarks**

#### **1.1 Introduction**

Trademarks are amongst the most valuable assets of any organization.

Trademarks are important because they:

- Identify and distinguish a product or service
- Serve as an assurance of consistency of the quality of a product
- Assist in advertising and promoting a service or product

Unlike rights derived from patents and copyrights, which provide protection for only a limited number of years, Trademark rights can last forever. Trademark rights can also be lost forever. The exclusive right granted in a Trademark is usually lost as a result of careless or improper use, usually by allowing the mark to be used as generic or descriptive words for products. All of the following were once valuable Trademarks in the U.S.A.: aspirin, escalator, cellophane, zipper, shredded wheat, corn flakes, and kerosene. All became common or generic words because their owners did not use them carefully and correctly and did not prevent the improper use of them by others.

This Guide describes the rules for the use of the SIF Certification Logo set out in Schedule 1. It is designed to be a practical guide to practitioners.

#### **1.2 Legal Status**

This Guide forms Schedule 4 of the Schools Interoperability Framework Association Trademark License Agreement. It forms an integral part of the Agreement and should be read in conjunction with it.

The Agreement defines the conditions and technical criteria that must be fulfilled before the Licensee may make use of the Trademarks. This Guide defines the permitted visual presentation, form, and manner in which the Trademarks can be used by a Licensee who complies with those conditions and technical criteria. Failure to comply with the mandatory provisions of the Guide constitutes a breach of the Agreement, but the Licensee shall use its most reasonable efforts to comply with all the provisions herein.

The only circumstances in which the Trademarks may be used are:

- Use as a Certification Logo on or in relation to Certified Products.

**Of itself, this Guide does not grant permission to use any Trademark.**

#### **1.3 Use of Trademarks by Third Parties**

There are circumstances where, for example, in referring to a Trademark in editorial or articles, the use of a Trademark is either desirable or unavoidable. Such use of Trademarks is permitted, without the requirement for the user to be licensed, provided that the rules in this Guide are followed.

There are instances where a third party may wish to promote the sale of its products in relation to a Trademark or to promote a Certified Product, or the SIF Agent with which it was certified,

that the third party distributes. Such uses are permitted under the same principles as are required of licensed users, provided the third party maintains the distinctiveness of the Trademark and that there is no likelihood of confusion between a Certified Product or the SIF Agent with which it was certified and non-Certified Products or compromise of any Trademark.

## 2. Trademark Rules for Proper Usage

### 2.1 Use in Text and Descriptive Materials

Licensees are encouraged to use one of the following examples to refer to Certified Products in textual materials.

- "My product is certified under the SIF Certification Program."
- "My product, certified by the SIF Certification Authority, \_\_\_\_\_"
- "My product is a product certified by the SIF Certification Authority, The Open Group"
- "My product, a SIF Certified product, \_\_\_\_\_"
- "My product is SIF Certified."

A Trademark whenever and wherever it appears in print must be distinguished from the surrounding text. This applies to all forms of printed media, including advertising copy, product packaging, brochures, manuals, internal memoranda, editorial, articles, correspondence, overhead projector slides, and presentation materials, and to computer video screens.

The graphical design of the Trademark (the "Certification Logo") must be strictly adhered to. The Trademark must always be used with white space (see Sub-clause 4.3) around it and must never be superimposed on or used in association with other graphics or Trademarks.

You should always mark the first or most significant occurrence of the Trademark as appropriate and must place the required attribution as a footnote. The attribution should use the ® symbol for a registered Trademark and the ™ symbol for an unregistered Trademark. It is acceptable to use an asterisk in place of the Trademark symbol where the medium used (for example, electronic mail) cannot reproduce the ® or ™ symbols. However, this is not intended to authorize use of the asterisk as the norm.

You may translate the Trademark attribution to national language(s).

The Trademark attribution is important as it reminds competitors, licensees, customers, and others that SIFA claims exclusive rights in the marks.

Blanket or generic attributions are not acceptable, such as:

- "All Trademarks are the property of their respective owners."

The correct attributions are:

- "The 'SIF Certified' Logo is a trademark of the Schools Interoperability Framework Association."

The following *additional* attribution (see below) is required when reference is made to a Certified Product or a Trademark is used on and in relation to Certified Products.

- "The <product identifier> is a Certified Product and meets the conformance requirements for a <product standard name>."

This Attribution is required so that a reader may always easily identify the conformance requirements to which a Certified Product is warranted to comply.

The first occurrence of the product name linked with a Trademark should be asterisked and the attribution above used after the Trademark attribution.

### **3. Graphical Representation of the Trademarks**

#### **3.1 The Certification Logo**

#### **3.2 Transition from a Previous Certification Logo**

Where a Licensee is already using a previous version of the Certification Logo in respect of any Certified Product, the Licensee may continue such use in the short term. However, the Licensee should transition to use of the Certification Logo set out in Paragraph 3.1 above (in lieu of the previous Certification Logo) as soon as possible.

#### **3.3 Use of the Certification Logo in Advertisements**

All use of the Certification Logo in advertisements, display boards, promotional material, and product catalogs must be in relation to Certified Products. If an advertisement, document, or other material refers both to Certified Products and to non-Certified Products, the Certification Logo must not be used in such a way as to suggest that all the products being advertised are Certified Products.

#### **3.4 Use of the Certification Logo on Software Products**

The Licensee is permitted (and encouraged) to use the Certification Logo with Certified Product:

- On the packaging of the software and its media
- In manuals for the software
- On the log-in screen of a device with a graphics screen, provided that if the system can display color on a graphics screen they must be rendered accurately in color. In the case of an alphanumeric screen, the Licensee is permitted to use the alternative forms of display on

the log-in screen as follows: "The <product identifier> is a Certified Product and meets the conformance requirements for a <product standard name>".

The Licensee may use a translation of this statement where to do so would be compatible with the language used for the Certified Product.

### **3.5 Use of the Certification Logo on Hardware**

The Licensee is permitted to use the Certification Logo displayed on the processor (or other visible part of the system) of a device when loaded with and executing a Certified Product. The Trademark may be permanently fixed to hardware when a Certified Product is embedded in a medium that cannot be removed from the hardware, such as in the case of a device in which the Certified Product is embedded in ROM that is part of the device's memory system.

## **4. Other Conditions for Use of Trademarks**

### **4.1 Combination of Trademarks in Product Names**

The Trademark may be used in conjunction with a product name only with the prior written permission of SIFA. Such permission may be withheld in the sole discretion of SIFA.

Comprehensive examples of proposed usage and any graphic representation must be submitted with the request to SIFA.

### **4.2 Colors for Trademarks**

The color references refer to the International Pantone Matching System (PMS) for printing purposes. Whenever the colors are used in the Trademarks, they must be accurately matched to the standard. Colors must never be applied to the Trademarks as a screen or a tint.

Color reproduction is preferred and should be applied where practicable. The specified PMS color must be used in logo reproductions as far as the printing or rendering process allows.

When working in color, the logo must use the blue and yellow chevron with black lettering on white background, or blue and yellow chevron on a white background with white lettering if the background upon which the logo rests is not white.

The standard color for the Certification Logo is:

#### PROCESS COLORS

Blue (PMS 286) and Yellow (PMS 115) chevron with Process Black lettering on White background

#### CMYK

Blue (C87 M47 Y12 K11) and Yellow (C0 M6 Y73 K0) chevron with Process Black lettering on White background

## RGB / WEB

Blue (R51 G102 B153 - Hex #336699) and Yellow (R255 G255 B51 – Hex #FFFF33) chevron with Black (R0 G0 B0 – Hex #000000) lettering on White (R255 G255 B255 – Hex #FFFFFF) background

If working in monochrome, it is acceptable to highlight the Certification Logo with a border. The logo can be reversed out in white or any other pale color.

### **4.3 Publishing on the Internet**

When published on the Internet, the Certification Logo must be either:

- a) protected from being downloaded through the use of scripting or coding, or
- b) protected from being downloaded by dividing the mark into sections that can only be individually downloaded and cannot be pieced together in a practicable manner.

When using the manner described in b above, the mark must be divided into a minimum of four (4) sections of either varying width or height. However, when published on the Internet by licensee, these sections must fit together to form a seamless image to the viewer.

### **4.4 General Conditions**

The Certification Logo can be enlarged or reduced to any size you require, but the relative size and position of the elements must remain the same.

The Certification Logo must not be reproduced smaller than 1" wide (height proportional).

The Trademarks reproduced from the Artwork Reference Sheet (Paragraph 5) should stand alone and must always be surrounded by a generous amount of space. They must not be enclosed within a contrived shape or used as part of another symbol or name (except as prescribed in Paragraph 4.1 above). The diagram below defines the minimum amount of clear space to be left around the Certification Logos. A margin on all four sides of the logotype equal to dimension A on the diagram must remain clear without interference from other written or graphic material.

Mark and spot Certification Logo  
Placement: Surrounding text and  
elements must clear the mark and spot  
logo by at least 8pts (0.167")

The logo must not be juxtaposed to or with other symbols or text in such a way as to show a connection with them.

For purposes of protecting the Trademarks and their registration, SIFA would like to receive from the Licensee a copy of the final published form of materials on which the Trademarks are used.

To change a logo beyond the provided dimensions, or for additional information, contact SIFA by phone or electronic mail at [siflogo@sifinfo.org](mailto:siflogo@sifinfo.org).
